

NEW CUSTOMER WELCOME!

Greetings and congratulations on your CPS System, Chalkboard and/or InterWrite Pad purchase. It is my hope that by using your eInstruction response pads, CPS Chalkboard or InterWrite pad regularly in class, your students will be actively engaged in every lesson and you will benefit by being informed and able to make adjustments to your teaching on the fly. Having all the data collected immediately will help you with the time consuming “paper shuffle” as well!

So how do you get started?

GOOD RESOURCES:

1. The [quick start guide created by Tammy Neptune](#) is a great resource to print out. It includes instructions for detecting your receiver if you find those students “clicks” are not being received.
2. Our [training manual is here in PDF form](#) (focus on Modules 1 and 2 to start!). The [Mac Version](#) is here.
3. Do you need software? In addition to the CD included in your bag, you can download the [full version of CPS here](#).
4. Our [online training registration and our 1 – 2 minute videos](#) are located here.
5. Tech Support can help with any issues that arise: 1-888-333-4988
6. I’m happy to help, too! Amy Jones, amyj@cimtechsolutions.com, 208-602-2661. Would you like to schedule a quick phone conversation or webinar to help you get started? I also blog at www.blueclickers.com/blog.
7. Want to see if you already have ExamView? www.fscreations.com/titletrack [The ExamView Training Manual can be found here](#).
8. Need help with your [RMEasiteach Software](#) that came with your CPS Chalkboard?
9. Need help learning about [your InterWrite Workspace](#) software that came with your InterWrite Pad or Board? [Here is the latest InterWrite Workspace training manual](#).
10. Ready to order a CPS Chalkboard, InterWrite Pad, InterWrite Board or projector? Quotes are free from [Amy!](#)

If you have any suggestions for items to add to this welcome sheet, please let me know!
