CPS 5.0 Folder Organization!

One new feature that I found to be exceptionally helpful during the state in-service presentations last week was the new Folder system within the CPS 5.0 software. Here is a screenshot of the database I used with all sorts of files added to the folders. I didn't have to go hunting for any of my forms or videos; they were all available with a click of my CPS Chalkboard stylus!

CPS Lessons (banks of questions), ExamView Tests or Banks and PowerPoint files

Other files such as Flash Videos, PDFs and Word documents can be added to folders by clicking "Add File" - you can launch them by double clicking

If you are a current CPS user you may download and install CPS 5.0 (free!), by going to www.einstruction.com/downloads. Choose CPS for PC Full Release. Learn more at <http://www.einstruction.com/Training/Videos/> Enjoy your new folder management system! Your old CPS Databases will update to the new look.

RM Easiteach – 274 free content files available for download! Choose from Math, Science, Literacy, Geography, History and several others.

These Easiteach Books will spark your creative juices as you see what other teachers and trainers have created. Tagged by subject and age, there is something here for every CPS Chalkboard user!

[Access the files here](#). NOTE: If you don't already have a copy of RM Easiteach, you can download a free reader version, which will let you view the files:
