*eInstruction is the global leader in the response pad industry. Classroom Performance Systems (CPS) are in use by 2 million K-12 students and over 700 colleges and universities worldwide. eInstruction helps engage students, automates the grading process, provides powerful reporting to administrators/teachers and much more.*

## eInstruction Evaluation Program

- ✓ 1. *30 minute group demonstration (required attendees)*
  - One or more persons from the administration team (principal or asst. principal)
  - One or more persons from a support department (media tech, librarian or tech/IT)
  - One or more persons from the teaching staff
- ✓ 2. *Immediately following: 60 minutes hands-on training*
  - CPS software must be pre-loaded on each workstation/laptop
- ✓ 3. *Evaluate CPS for 60 days with no obligation to buy*
  - After two months, your school can purchase the 32-pad IR system for \$1,695 or the 32-pad RF system for \$2,495. In the event your school wishes to return the system, CIM will arrange pickup of the unit.
